

# How to setup new RLS Policy

1. Setup new RLS Policy:
2. Add required Success Factor roles into Param Table (HRDP\_LND\_PD\_DB.CMN\_LND\_SCH.PARAM\_SF\_ROLES):
3. Example of Insert Statement: *insert into HRDP\_LND\_PD\_DB.CMN\_LND\_SCH.PARAM\_SF\_ROLES values('HIRE',null,1,800,'HR10 - HR PROFESSIONAL (HR ROLE 2)',999);*
4. Recently we have added roles for Hires, You can find the Reference in git (infra/dbt/macros/onetime/param\_hire\_uls.sql).
5. PMGM Job ([employee\\_uls\\_api\\_call](#)) will run in every two hours and that will load to next level tables.
